

LOOKS LIKE THE BOLERO PIK-UP FB. THAT IMPRESS. WITH MICRO HYBRID TECHNOLOGY. FEATURES THAT INDULGE.

The new Bolero pik-up is all tough. But not on your wallet. It comes equipped with the advanced Micro Hybrid technology. Making good mileage even better. So while you take on any load, you take on any distance too.

HOW THE MICRO HYBRID TECHNOLOGY WORKS:

*Mileage under standard test conditions.

▪ Comfy fabric seats

▪ Plush wooden finish central console with mobile charging point

▪ Trendy Beige & Tan interiors

▪ New and improved gear knob for better grip

▪ All new Champagne colour

▪ Eye catching Micro Hybrid decal

▪ Striking new deep brown bezel, grille and side arches

▪ Sun visors with mirror on the co-driver's side

▪ Thick washable carpets for clean interiors

Adjusts braking pressure as per the load in the pickup, giving you complete control of the vehicle on any road and any incline, no matter what the load.
